

17-Sep-24 Tuesday		18-Sep-24 Wednesday		19-Sep-24 Thursday			20-Sep-24 Friday			21-Sep-24 Saturday		
				08:30 - 10:00	Scientific Session 4 <b>Viromics and virus discovery</b> Keynote Lecture: <b>Are there any more human cancer viruses left to be found? Patrick Moore, US</b>		08:30 - 10:00	Scientific Session 8 <b>Development of new antiviral strategies</b> Keynote Lecture: <b>Development of antiviral inhibitors of low molecular weight targeting the frameshift element of SARS-CoV-2, Harald Schwalbe, Germany</b>		09:00 - 10:30	Scientific Session 12 <b>Hepatitis, HIV and other blood borne viruses</b> Keynote Lecture: <b>Hepatitis D Virus infection; present status, Mario Rizzetto, Italy</b>	
				10:00 - 10:30	Coffee Break		10:00 - 10:30	Coffee Break		10:30 - 11:00	Coffee Break	
				10:30 - 12:00	Scientific Session 5 <b>Viruses, tumors and immunocompromised hosts</b> Gardner Lecture: <b>Viruses, Cancer and Immunocompromised Hosts, Hans Hirsch, Switzerland</b>		10:30 - 12:00	Scientific Session 9 <b>Immune response and vaccines</b> Keynote Lecture: <b>Human Papillomavirus immunisation and the path to cervical cancer elimination? Kate Cuschieri, UK</b>		11:00 - 12:30	Scientific Session 13 <b>Prizes session</b>  Biomérieux Award Lecture: <b>The good and the bad; update on polyoma- and anelloviruses, Mariet Feltkamp, Netherlands</b>	
09:30 - 10:00	Registration for Pre-Conference Workshop Participants	12:00 - 18:30	Registration		12:00 - 13:30	Lunch Break	12:30 - 13:30 Industry Symposia	12:00 - 13:30	Lunch Break --- Poster Session 2		12:30 - 13:30 Industry Symposia	Abbott Award Lecture: <b>Metagenomics for the diagnosis of infection, Juliane Brown, UK</b>
10:00 - 17:00	Pre-Conference Workshop <b>Molecular diagnostics: Harmonising measurement for patient benefit</b>	13:30 - 14:30	Scientific Session 1 <b>Enteric viruses &amp; Neurovirology</b> Keynote Lecture: <b>Enteroviruses - so much more than polio in the 21st century, Thea Fischer, Denmark</b>	13:30 - 15:00	Scientific Session 6 <b>Advancements in diagnostics &amp; clinical cases</b> Keynote Lecture: <b>Innovative diagnostic approaches towards persistent viruses and associated diseases, Elisabeth Puchhammer-Stöckl, Austria</b>		13:30 - 15:00	Scientific Session 10 <b>Viral infections in pregnancy</b> Keynote Lecture: <b>Cytomegalovirus infection screening in pregnancy how far are we? Marianne Leurez-Ville, France</b>			Heine -Medin Award Lecture: <b>From Endemic to Pandemic: The promise and realization of real-time phylogenetics, Emma Hodcroft, Switzerland</b> <i>Best Posters Presentations</i>	
		14:30 - 15:30	Scientific Session 2 <b>Pandemic preparedness and health services research</b> Keynote Lecture: TBC, <i>Richard Pebody, UK</i>	15:00 - 15:30	Coffee Break		15:00 - 15:30	Coffee Break		12:30 - 13:00	Closing Remarks and Handover for 2025	
		15:30 - 16:00	Coffee Break	15:30 - 17:00	Scientific Session 7 <b>Diagnostic Stewardship / Diagnostic test accuracy</b> Keynote Lecture: <b>Diagnostic Stewardship in Clinical Virology as Strategy! Hubert G.M. Niesters, Netherlands</b>		15:30 - 17:00	Scientific Session 11 <b>(Re-) emerging viral infections and one health</b> Keynote Lecture: <b>A virologist's lookback on COVID-19, Christian Drosten, Germany</b>				
		16:00 - 17:30	Scientific Session 3 <b>Respiratory viruses</b> Keynote Lecture: <b>Emerging viruses - when public health, diagnostics and translational research meets, Isabella Eckerle, Switzerland</b>	17:00 - 19:00	Poster Session 1	17:00 - 18:00 ENNGS Meeting	17:00 - 18:00	TWIV Session <i>Vincent Racaniello, USA</i>		ENPEN Meeting		
		17:30 - 18:00	Opening Ceremony				18:00 - 18:30	ESCV General Assembly				
		18:00 - 19:00	Welcome Reception
